

ANIM AETNEA

WINE LIST 2026

AnimAetnea is a small winery located on the slopes of Mount Etna in Sicily. The estate focuses on producing wines that express the unique volcanic terroir of the region. The vineyards grow mainly indigenous grape varieties such as Nerello Mascalese and Carricante. The volcanic soils and high altitude give the wines freshness, minerality, and elegance. AnimAetnea aims to combine traditional Sicilian viticulture with modern winemaking techniques.

Wine
